

Installation guide for Square floor trap

For the floor trap with edges, modification of the Chokeless floor trap model number SS-010 is needed. Following are the steps.

Fig 1. Floor trap with edges

Fig 2. Cut to fit the floor trap

Step 1: Use an A4 size paper to cut a square hole template that match your existing floor trap.

Step 2: Trace the square hole on the chokeless floor trap.

Step 3: Use a cutter to cut the edges.
